High pressure water jet pumps

For Sale

High pressure water jet pumps.

We do supply used and new high pressure water pumps. These pumps are mainly used in small diameter microtunneling up to DN1200. The pumps help to increase the advance rates when doing microtunnelling in cohesive sticky soils.

We currently have following pumps used available:

22 KW HP pump max 46L/min max 275 Bar

30 KW HP pump max 50 L/min max 270 Bar
