Separation plant 200 m³/h fully serviced by ITE company for sale or rent

For Sale & For Rent

Fully serviced and ready to go slurry separation plant for mud recycling in microtunnelling or HDD.

This very compact 20 ft container sized separation plant is ideal for HDD works and microtunnelling up to pipes DN1200. Due to the special design it is easy to be transported as well as easy to be mounted on top of a sedimentation tank. The system is supplied with the necessary platforms for safe operation.

The system is fully overhauled and ready to be used immediately. We give a warranty of 6 months on this system
