Microtunneling Mixed Cutting Wheel for Herrenknecht AVN1200T Machine, fully serviced with warranty

We have available for immediate sale or rent a mixed cutting wheel for the AVN1200T Herrenknecht Microtunneling machine.

This cutting wheel is fully serviced and equipped with new cutting tools.

This type of cutting head is for application in cohesive and non-cohesive unconsolidated ground such as clay, silt, sand or gravel, in ground with harder layers and erratic blocks and in consolidated ground material, ground with stones and boulders and rock.

Additional and more detailed soil analyses will be required for making the final decision.

If we do not have the required cutting wheel available, we can always offer a new build cutting wheel.

For Sale & For Rent
