To whom it may concern,

trade reference letter

Down2earth bvba  
Corda Campus Hasselt, RCH1  
Kempische Steenweg 301/9  
B-3500 Hasselt

We are giving this recommendation letter in good faith to our business partner as a result of their excellent performance and good service.

Down2Earth bvba became a supplier to CSM Bessac in 2009 and quickly proved itself as a reliable provider of professional services and tunneling equipment in the field of microtunnelling.

They successfully delivered a number of equipments and spare parts for our business. In regard to those we bought being completely rebuilt, we can say that the achieved results are very satisfying.

The depth of their knowledge combined with a proven reliability qualifies them to be a very reliable partner to work with.

Given our experience from the contractual engagements we are happy to recommend them as a supplier of professional services in the field of tunneling.

Yours faithfully,

Bernard Theron  
Chairman CSM Bessac
