To whom it may concern,

We have been successfully doing business with Down2Earth since 2008. During this time they have given our company excellent support in the areas of equipment sales, consultancy and after sales support.

We look forward to a continuing our prosperous relationship in the years to come as it shows to be a perfect win-win partnership in the microtunneling business.

Given our experience doing business Down2Earth, we are happy to recommend them as a solid and reliable business partner.

Yours Truly,

Lester M. Bradshaw, Jr.
